Dear Harold:

Our letters crossed so I did not let you know in my last one about my change in plans to come to Washington. Now that I have my own company, I can only afford to go where the immediate business takes me. Last week it took me to Pittsburgh. Next week it takes me to Los Angeles and Salt Lake City. Finally, during the week of July 8, I will come to Washington to see the Navy and the Air Forces.

Jones and I have agreed we will wait until then and go to the Archives together on July 9. Can you be there then? Maybe we will take you up on the offer to have a swim in the country on Monday or Tuesday evening. I will be at the Pentagon Bldg all day on July 8. I would like to see the slides from the Alyea film and I don't have it yet from Joel Palmer.

I expect to see Ray & Maggie while in Los Angeles and perhaps Lillian.

We may have a photographic link between JFK and RFK assassinations. Tell you about it when I see you. Have you talked to Jim about MLK & RFK yet? I can't seem to reach him. I hear a group may bring him to N.Y. for a talk sometime in July.

Hope to see you soon.

Dick

P.S. I now have McCammon's photo of Oswald inside the Texas Theatre with cops struggling with him
